Further sorting: Paper towels sanitary rooms, food waste, glass

Waste collection during set-up/dismantling times:

A waste collection point will be set up for each level used during the set-up and dismantling phases. There, the following items can be handed in/disposed of:

- **Free of charge:** Paper & cardboard
- **Using the chargeable waste bags from m:con:** Waste for recycling AZV (residual waste), packaging, plastic film, glass, food

Sale of waste bags

Waste bags can be purchased in the following categories and sizes:

	30 liters	70 liters	120 liters
Waste for recycling (residual waste)	EUR 16 per bag	EUR 18 per bag	EUR 21 per bag
Packaging	/	EUR 16 per bag	EUR 17 per bag
Glass	/	EUR 15 per bag	EUR 15 per bag
Foodstuff	/	EUR 15 per bag	EUR 15 per bag
Foil	EUR 15 per bag	/	EUR 17 per bag
Paper/cardboard	EUR 14 per bag	EUR 15 per bag	EUR 16 per bag

During set-up and dismantling phases: Hand over to the collection points.

During the event: To be placed at the edge of the stand. The cleaning staff will collect them.

Waste that is not disposed of by using the bags provided or at the collection points provided will be charged directly to the respective exhibitor or, if it is not possible to identify the exhibitor, will be invoiced to the organizer at a later date.

“Garbage islands” at smaller events

For smaller events where the amount of waste generated by exhibitors themselves is not too large, “garbage islands” will be provided. For this purpose, appropriate bag stands with the respective waste bags (*see categories above*) will be provided. The cost of the bags will be covered by the organizer.

Container placement in outdoor area

If an increased amount of waste is expected, or, for example, for special/bulky waste, additional containers must be ordered and placed on the outdoor premises.

A separate quote will be provided for each request. Prices are based on current market prices and therefore may vary.
